SPRING 2024

INSPIRED BY A PARKSIDE  
WAY OF LIVING

LEXINGTON HOME COLLECTION – LOOKBOOK

# A PARKSIDE COLLECTION

MEET THE BEAUTY OF THE OUTDOORS INSIDE

Awaken your senses and immerse yourself in the serene beauty of parks with our Spring 2024 Home — A Parkside Collection. Inspired by the lush greenery, idyllic park activities and charming townhouses that dot the city landscape, this collection is a sensory journey that captures the essence of Lexington's love for nature.

The springboard for this collection was the joy of picnicking, — where a simple blanket becomes a sacred haven under the rustling leaves of a heritage tree in a nearby park. Consisting of luxuriously lightweight bedding, chic décor and sleek kitchenware, the collection celebrates the sanctuary of tranquility.

Every piece in the collection is an enchanting rendezvous of nature's embrace. The beauty of the outdoors is brought inside using the pink, blue, green and beige

color palette, graphical elements and savoir-faire. Some of the collection's key pieces include:

- The immensely soft cotton sateen bedding, cotton linen tablecloth and cotton napkin adorned in the mesmerizing floral print inspired by the flora of the park.
- The reversible pillow cover with organic and straight lines that mirror the delicate balance between the natural and architectural elements in and by the park.
- The matching jacquard wool throw and embroidered pillow in intertwined graphics reminiscent of the winding paths we take to hidden nooks and crannies.
- The rattan picnic basket, that's the icing on the picnic cake you'll place on the checkered picnic blanket. Your new picnic heroes.
- And the vibrant printed cotton canvas pillow with a map of the Lexington Park

to guide you back home if you ever get lost in our park.

Weaving expert craftsmanship and devotion to sustainability, the Parkside Collection also features an array of functional and versatile pieces. The checked cotton/Tencel™ Lyocell pin point bedding, for example, emphasizes Lexington's commitment to creating products with a lasting legacy. This dedication is further enhanced using a variety of green materials such as organic cotton, recycled wool, linen and recycled cotton — all in classic and modern styles for every taste.

Whether you're sinking into a bed of florals, running your fingers over the supremely soft mohair/alpaca mix throw or letting the crisp green scent of apple blossom candle fill the air, you can bring the allure of parkside living right into your home, wherever it may be.

WELCOME TO OUR WORLD! WELCOME TO OUR DREAM!

LEXINGTON STANDS FOR QUALITY — IN EVERY FABRIC, EVERY DETAIL AND IN EVERY SENSE. OUR MISSION IS TO DEVELOP HIGH-QUALITY PRODUCTS WITH A LONG LIFESPAN. WE HAVE DONE SO FOR MANY YEARS, AND WE WILL CONSTANTLY IMPROVE AND CONTINUE THAT WORK.

ABOUT THE INSPIRATION

### PRINT OF THE SEASON

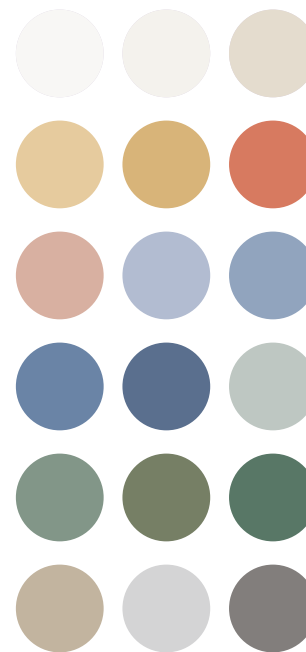

The print of the season captivates the enchanting allure of nature. Our designer have carefully curated a selection of timeless patterns that perfectly captures the essence of spring. From delicate blooms to classic and elegant checks, these prints evoke a sense of nostalgia while adding a touch of modern sophistication. They will transport you to a world where parkside living and timeless elegance intertwine.

## ABOUT THE INSPIRATION

## THE COLORS OF SPRING

Nature has always been a boundless source of inspiration for our designer. Through their carefully chosen color palette, we celebrate the serene beauty of parks this spring. The blues in the collection mirror the calming hues of a clear sky and the shimmering waters of a serene pond. The greens are inspired by the grass and leaves thriving at the park while the warm and earthy tones are reminiscent of the heritage tree trunk adorned with carved initials of lovers from the past. To inject excitement and vitality to the collection, our designer added striking coral shades plucked from the blossoming flowers in a park. These skillfully curated colors allow anyone to meet the beauty of nature inside.

# THE LEXINGTON WAY

SPRING 2024

LEXINGTON WORKS CONTINUOUSLY with corporate social responsibility which means that our sustainability goals are integrated throughout the company. From idea to the final product in your home, we work hard to ensure that we continue to be an ethically and socially responsible company. This means that we believe and work for equality while minimizing our climate footprint.

OUR GOAL IS TO CREATE home textiles by using sustainable materials and producing sustainably, while continuing to design timeless yet trendy and innovative collections. By using materials that are long lasting and sustainable, our products are made to last for many, many years.

LEXINGTON DEVELOPS HIGH-QUALITY products in carefully thought-out designs with maximum durability and longevity. A major part of Lexington's products are manufactured in Europe, but all of our producing partners, regardless of country, comply with the Lexington Code of Conduct. This code includes clear rules on working conditions, production, the environment and quality. All Lexington producing partners follow our list of banned chemicals as well as the European REACH regulation. To ensure this, we visit our partners regularly. We also work with local partners who perform regular control visits to ensure that Lexington's Supplier agreement is followed. Most of our suppliers are OEKO-TEX certified,

ensuring that we eliminate all harmful chemicals throughout the production process, both in materials and other components.

BY KEEPING GREAT and long-lasting relationships with our suppliers, we are able to work together consistently to find more sustainable ways of producing safe products. Some of our sustainable qualities that we use are organic cotton, recycled cotton, linen, Lyocell (TENCEL™), recycled wool, recycled paper, soy wax and bamboo.

GOING FORWARD, OUR ambition is to keep finding new sustainable materials to work with and contributing to a cleaner industry.

WELCOME TO OUR WORLD. WELCOME TO OUR DREAM.
